AN ACT

April 21, 1934.  
[H. R. 8402.]  
[Public, No. 169.]

To place the cotton industry on a sound commercial basis, to prevent unfair competition and practices in putting cotton into the channels of interstate and foreign commerce, to provide funds for paying additional benefits under the Agricultural Adjustment Act, and for other purposes.

Regulation of cotton  
industry.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*,

DECLARATION OF POLICY

Declaration of policy. That in order to relieve the present acute economic emergency in that part of the agricultural industry devoted to cotton production and marketing by diminishing the disparity between prices paid to cotton producers and persons engaged in cotton marketing and prices of other commodities and by restoring purchasing power to such producers and persons so that the restoration of the normal exchange in interstate and foreign commerce of all commodities may be fostered, and to raise revenue to enable the payment of additional benefits to cotton producers under the Agricultural Adjustment Act—

It is hereby declared to be the policy of Congress to promote the orderly marketing of cotton in interstate and foreign commerce; to enable producers of such commodity to stabilize their markets against undue and excessive fluctuations, and to preserve advantageous markets for such commodity, and to prevent unfair competition and practices in putting cotton into the channels of interstate and foreign commerce, and to more effectively balance production and consumption of cotton.

## PERIOD OF APPLICABILITY

Period of applicability.

Power of President to extend period.

SEC. 2. The provisions of this Act shall be effective only with respect to the crop years 1934-1935, but if the President finds that the economic emergency in cotton production and marketing will continue or is likely to continue to exist so that the application of this Act with respect to the crop year 1935-1936 is imperative in order to carry out the policy declared in section 1, he shall so proclaim, and this Act shall be effective with respect to the crop year 1935-1936. If at any time prior to the end of the crop year 1935-1936, the President finds that the economic emergency in cotton production and marketing has ceased to exist, he shall so proclaim, and no tax under this Act shall be levied with respect to cotton harvested after the effective date of such proclamation.

Termination if emergency has ceased to exist.

Cotton-ginning tax. Levy of.

SEC. 3. (a) When the Secretary of Agriculture finds, for the crop year 1935-1936, if the provisions of this Act are effective for such crop year, that two thirds of the persons who have the legal or equitable right as owner, tenant, share-cropper, or otherwise to produce cotton on any cotton farm, or part thereof, in the United States for such crop year favor a levy of a tax on the ginning of cotton in excess of an allotment made to meet the probable market requirements and determines that such a tax is required to carry out the policy declared in section 1, the Secretary shall ascertain from an investigation of the available supply of cotton and the probable market requirements the quantity of cotton that should be allotted, in accordance with the policy declared in section 1, for marketing in the channels of interstate and foreign commerce, from production of cotton during the succeeding cotton crop year, exempt from the payment of taxes thereon.

Ascertaining amount of cotton to be allotted.

(b) The allotment so ascertained shall be proclaimed by the Secretary of Agriculture at least sixty days prior to the beginning of such succeeding crop year and shall be apportioned by him as herein provided.

(c) For the crop year 1934-1935 ten million bales is hereby fixed as the maximum amount of cotton of the crop harvested in the crop year 1934-1935, that may be marketed exempt from payment of the tax herein levied. Except as provided in section 2, the allotment plan and the tax is hereby declared to be in effect for the crop year 1934-1935.

If the cotton was harvested during a crop year with respect to which the tax is in effect, the tax shall apply even if the ginning occurs after the expiration of such crop year.

Rate of tax; cotton ginned during emergency period.

Cotton ginned after effective period.

(b) The average central market price, per pound of lint cotton, shall be the average price per pound of basis seven-eighths-inch middling spot cotton on the ten spot cotton markets (designated by the Secretary of Agriculture) as determined and proclaimed from time to time by the Secretary of Agriculture. The average central market price determined and proclaimed shall be the base for determining the rate of the tax until a different average central market price for lint cotton is determined and proclaimed by the Secretary of Agriculture.

(c) Every person ginning any cotton subject to tax under this Act (whether as agent of the owner or otherwise) and every other person liable for tax under this Act shall make monthly returns under oath in duplicate and pay the taxes imposed by this Act to the collector for the district in which the ginning is done, or to such other person as such collector may direct. Such returns shall contain such information and be made at such times and in such manner as the Commissioner, with the approval of the Secretary of the Treasury, may by regulations prescribe. The tax shall, without assessment by the Commissioner or notice from the collector, be due and payable to the collector at the time so fixed for filing the return. If the tax is not paid when due, there shall be added as part of the tax interest at the rate of 1 per centum a month from the time when the tax became due until paid.

(d) When the Secretary of Agriculture does not proclaim an allotment of cotton for a crop year as provided in section 3 of this Act, the tax shall not apply with respect to cotton harvested during such crop year but shall apply to cotton harvested during the next crop year for which, with the approval of the President, the Secretary makes an allotment under such section.

(e) No tax shall be imposed under this Act with respect to—

In such cases, the payment of the tax shall be postponed, but shall be paid at the time when bale tags are secured for such cotton. Bale tags may be secured for any of such cotton at any time after ginning (1) upon the payment to such person as the Commissioner may direct, of the amount of tax which would have been payable at the time of ginning, or (2) upon the surrender of certificates of exemption covering an amount of cotton not less than the amount of such cotton. Until bale tags are secured for such cotton, such cotton shall be subject to a lien in favor of the United States for the amount of the tax payable with respect to the ginning of such cotton. The right to postponement of the payment of the tax under this subsection shall be established in accordance with such regulations as the Secretary of Agriculture and the Secretary of the Treasury may prescribe. The Commissioner, with the approval of the Secretary of the Treasury, shall prescribe regulations providing for stamping the containers of such cotton so as to indicate the time of ginning and the amount of tax payable with respect thereto.

(g) The right to exemption under paragraph (2) of subsection (e) shall be evidenced by a certificate of exemption issued as herein provided, which certificate of exemption shall be conclusive proof of the right to such exemption.

#### APPORTIONMENT

SEC. 5. (a) When an allotment is made, in order to prevent unfair competition and unfair trade practices in marketing cotton in the channels of interstate and foreign commerce, the Secretary of

Agriculture shall apportion to the several cotton-producing States the number of bales the marketing of which may be exempt from the tax herein levied, which shall be determined by the ratio of the average number of bales produced in each State during the five crop years preceding the passage of this Act to the average number of bales produced in all the States during the same period: *Provided, however*, That no State shall receive an allotment of less than two hundred thousand bales of cotton if in any one year of five years prior to this date the production of the State equalled two hundred and fifty thousand bales. It is *prima facie* presumed that all cotton and its processed products will move in interstate or foreign commerce.

*Proviso.*  
Minimum allotment.

(b) The amount allotted to each State (less the amounts allotted under section 8) shall be apportioned by the Secretary of Agriculture to the several counties in such State on a basis and ratio, applied to such counties, similar to that set forth in subsection (a), except that, for the purposes of this subsection, there shall be excluded from the calculation of the average production of cotton in any county an amount of cotton produced in such county during any crop year or years during which the Secretary of Agriculture finds that production of cotton in such county was reduced so substantially by unusual drought, storm, flood, insect pests, or other uncontrollable natural cause that the inclusion of the cotton produced in such crop year or years would result in an apportionment to such county based upon an abnormally low production of such county, and in such cases the average production shall be calculated on the basis of the crop years and production of the years remaining of the period set forth in subsection (a).

Apportionment of  
State allotment among  
counties.

Exception.  
Tolerance for unus-  
ual conditions.

#### APPLICATIONS FOR CERTIFICATES

SEC. 6. A producer of cotton desiring to secure a tax-exemption certificate may file an application therefor with the agent designated by the Secretary of Agriculture, accompanied by a statement under oath showing the approximate quantity of cotton produced on the lands presently owned, rented, share-cropped, or controlled by the applicant during a representative period fixed by the Secretary of Agriculture, and also the number of acres of land in said lands in actual cultivation for the three preceding years, and the quantity of cotton, in the best judgment of the applicant, said lands would have produced if all the cultivated land had been planted to cotton. Said application shall state any other facts which may be required by the Secretary of Agriculture. No certificate of exemption shall be issued and no allotment shall be made to any producer unless he agrees to comply with such conditions and limitations on the production of agricultural commodities by him as the Secretary of Agriculture may, from time to time, prescribe to assure the cooperation of such producer in the reduction programs of the Agricultural Adjustment Administration and to prevent expansion on lands leased by the Government of competitive production by such producer of agricultural commodities other than cotton and the allotment of and certificates of exemption issued to any producer shall be subject to revocation on violation by him of such conditions and limitations, and no criminal penalties shall apply to the violation of this provision.

allotments to any farm shall be made upon application therefor and may be made by the Secretary based upon—

(1) A percentage of the average annual cotton production of the farm for a fair representative period; or

(2) By ascertaining the amount of cotton the farm would have produced during a fair representative period if all the cultivated land had been planted to cotton, and then reducing such amount by such percentage (which shall be applied uniformly within the county to all farms to which the allotment is made under this paragraph) as will be sufficient to bring the total of the farm allotments within the county's allotment; or

(3) Upon such basis as the Secretary of Agriculture deems fair and just, and will apply to all farms to which the allotment is made under this paragraph uniformly, within the county, on the basis or classification adopted. The Secretary of Agriculture, in determining the manner of allotment to individual farmers, shall provide that the farmers who have voluntarily reduced their cotton acreage shall not be penalized in favor of those farmers who have not done so.

(b) To producers of cotton on farms not previously used in cotton production;

(c) To producers of cotton on farms where, for the preceding five years, normal cotton production has been reduced by reason of drought, storm, flood, insect pests, or other uncontrollable natural cause; and

(d) To producers of cotton on farms where, for the preceding three years, acreage theretofore planted to cotton has been voluntarily reduced so that the amount of reduction in cotton production on such farms is greater than the amount which the Secretary finds would have been an equitable reduction applicable to such farms in carrying out a reasonable reduction program.

The allotments provided for in this section shall be in addition to the amounts apportioned to the counties under section 5 (b).

#### EXEMPTION CERTIFICATES

SEC. 9. (a) Exemption certificates shall be issued by the Secretary of Agriculture, upon application therefor, but only upon proof satisfactory to the Secretary that the producer is entitled thereto pursuant to this Act and the regulations thereunder.
